To Whom It May Concern:

TD Bank and TD Equipment Finance Inc. is active in the funding and financing of energy savings projects throughout the Florida region for various market sectors, including municipal customers. We are willing and able to fund municipal and commercial ESPC projects. Prime project financing opportunities would certainly include ESPC projects of \$1,000,000.00 million or more, with A- grade credits or better, for terms of up to 20 years.
