

Want In On The Action?

**6TH ANNUAL NATIONAL MARKET TRANSFORMATION CONFERENCE:
How to Achieve Success**

Day Two of the 6th Annual National ESC Market Transformation Conference begins with eggs and issues in the Exhibit Hall. The Breakfast Keynote session features a three person panel representing ESC Energy Stewardship Champion States. Presenters from Guaranteed Energy Savings Performance Contracting (GESPC) programs in Delaware, Washington and Colorado will share programmatic design attributes, tools and strategies they employ that contribute to their state's success implementing energy efficiency improvements through a GESPC in public buildings. These three states were among the 10 states that were awarded the inaugural 2016 ESC Energy Stewardship Champion award at last summer's conference in Louisville, Kentucky.

The Energy Stewardship Champion's award recognizes states based on a combination of their political leadership, programmatic design, and the amount of private sector investment in GESPC. Other inaugural Champion states sending representatives to this year's conference include Hawaii, Kentucky, New Mexico and Ohio. Public sector program managers and staff from nearly 20 states have registered to attend this year's conference.

The 2017 ESC Energy Stewardship Champion states will be named at the Closing Reception and Awards Ceremony on Friday afternoon.

There is still time to register but attendance is limited – so [register](#) soon! See ya'll in Henderson
