

2015 ESC Conference Registration is Open

Dear Colleagues:

The ESC's commitment to Energy Savings Performance Contracting is unequalled among any energy or efficiency organization in the country. In addition to the efforts of our members and our network of 28 state chapters, the ESC is investing resources to make ESPC business as usual in every state in the country.

If you want in on the action, we invite you to attend the 2015 ESC Market Transformation Conference, coming to Charlotte, North Carolina August 31 - September 2.

The conference has gained the reputation in just a short period of time as being a unique national gathering of energy industry experts and public sector thought-leaders. You won't have a better chance all year to find out about what's happening around the country, or to meet with those responsible for designing and administering ESPC programs at the state level.

Don't miss out -- attendance is limited so register today. [Click here](#) for conference details.

See ya' in Charlotte.
