Conference

## Emerging Technologies: Solar + Storage

7th Annual ESC Market Transformation Conference -- Oct 4 and 5, 2018  
Atlanta, Georgia

### Hotel Room Block Deadline: September 12th

The deadline for hotel reservations within the ESC room block for the 7th Annual Conference has been extended to September 12th, and more rooms at the special conference rate are available for a few more days. To book your room at the [Georgia Tech Hotel](#) and Conference Center [click here](#). The ESC has rooms set aside at the conference special rate for Wednesday, Thursday and Friday nights (October 3rd through October 6th.) You may make reservations for all three nights or just one night

### Emerging Technologies Session: Solar + Storage and its potential impact on GESPC

October 4 - 2:45 – 3:30 PM

Innovative strategies and technologies are pushing the envelope of what is possible in the way of energy retrofits. This session looks at emerging solar and storage technologies that are pushing building performance to new heights and possibilities.

Chris Halpin, Celtic Energy, moderates the session. Presenters include Anthony Coker, Hannah Solar, and **Jim Bishop, Ameresco**.

Coker will present on The Ray Highway project - a 16-mile stretch of Interstate 85 in southwestern Georgia that is being called the test-run for the roadway of the future: Smart and Sustainable.

Bishop is presenting on the comprehensive GESPC project Ameresco undertook at Parris Island, South Carolina. This project retrofitted 121 buildings (3.1 million square feet total) and will reduce energy consumption by 79% and water consumption by 27% annually. This project also features 6.7 MW of on-site solar photovoltaic generation and a combined heat and power (CHP) system integrated with a battery energy storage

depending on your need.

system.

All guestrooms are non-smoking and King beds have been reserved for the ESC Room Block. For any additional nights needed before or after the posted group dates, please contact the hotel directly at (800) 706-2899 to check availability.

[Register](#) today for this year's conference and be in the room when these two innovative projects and their use of solar technologies are explored.

See ya'll in Atlanta.

Jim Arwood  
Executive Director, Energy Services Coalition

## [Thank You Gold Sponsor: E. Sam Jones](#)

[E. Sam Jones Distributor](#) is one of the largest independent lighting distributors. The company was founded in Atlanta in 1948 and began its ESCO services division in 1992. Lighting retrofits range in scope from parking decks to school districts to military bases across the country

### **Sponsorship Opportunities**

This year's conference features a number of networking opportunities designed into the conference schedule for exhibitors and attendees to maximize their conference experience. To learn more [click here](#).

The Energy Services Coalition is pleased to have the support of Sponsors in support of our 7th Annual Conference. As a coalition of public and private energy professionals we do not endorse or promote any private sector product or solution.
