GESPC BOOT CAMP

June 11, 2019

Want In On The Action?

The 8th Annual ESC Market Transformation Conference kickoffs in Denver with a morning of workshops. One of the two 8am workshops features the ESC State Liaison Team of Dale Hahs and John Canfield hosting a Guaranteed Energy Savings Performance Contracting Boot Camp. This special workshop covers the foundations and fundamentals of GESPC and is open to all conference attendees.

An optional free webinar will be offered prior to the conference in which the presenters will offer an introduction to the elements of GESPC as a primer for the conference Boot Camp workshop.

The two-hour conference "boot camp" provides the principles of what has made GESPC a reliable resource when the lessons of the past are applied to the needs of today. ESC trainers will cover the entire GESPC process from project inception through measurement and verification (M&V) during this workshop.

[Registration](#) is now open and [sponsorship opportunities](#) are available.

To make hotel reservations between August 21 and August 24, please use click the [Energy Services Coalition-Reservations Link](#) for the special ESC room rate.

Bronze Sponsors

[NASEO](#) is the only national non-profit association for the governor-designated energy officials from each of the 56 states and territories. Formed by the states in 1986, NASEO facilitates peer learning among state energy officials, serves as a resource for and about state energy offices, and advocates the interests of the state energy offices to Congress and federal agencies

The Energy Services Coalition is pleased to have the support of the exhibitors in our Virtual Trade Show. As a coalition of public and private energy professionals we do not endorse or promote any private sector product or solution.
